Methyl Isobutyl Ketone (CAS NO. 108-10-1)
<b>Statement of Intent</b>
<p>TG Minto does not intend to reduce the use of Methyl Isobutyl Ketone which is a component coatings and adhesives used at the facility.</p> <p>In accordance with s. 4(1)1 of the Toxics Reduction Act, TG Minto is committed to protecting the environment. Wherever feasible, we will eliminate or reduce the use and discharge of toxics in full compliance with all federal and provincial regulations. Our employees are encouraged to participate in all types of toxic substance reduction activities and achieve the highest level of quality in every area of our business. It is our corporate policy that each employee is responsible for delivering on these commitments. Toxic substance reduction will be an ongoing effort at TG Minto and we will continue to monitor advancements in automotive parts manufacturing to ensure that technologically and financially feasible options are implemented at our facility and we will continue to promote environmental awareness and sustainability through training, education and the application of best practices.</p>
<b>Objectives</b>
<p>For the purposes of the Toxics Reduction Act, TG Minto will be not be implementing any options to reduce the use of Methyl Isobutyl Ketone within the framework of the Toxics Reduction Act</p>
<b>Description of Creation of Substance</b>
<p>Methyl Isobutyl Ketone is present in coating and adhesive products used in the manufacturing of automotive parts.</p>
<b>Description Option(s) to be Implemented</b>
<p>For the purposes of the Toxics Reduction Act, TG Minto will be not be implementing an option to reduce the use Methyl Isobutyl Ketone within the framework of the Toxics Reduction Act.</p>

*This plan summary accurately reflects the current version of the Toxic Reduction Plan that has been prepared by RWDI AIR Inc. for TG Minto for Methyl Isobutyl Ketone, dated December 18, 2017.*

## Certification by Highest Ranking Employee

As of December 18, 2017, I, Jim Whelan, certify that I have read the toxic substance reduction plans for the toxic substance referred to below and am familiar with their contents, and to my knowledge the plans are factually accurate and comply with the Toxics Reduction Act, 2009 and Ontario Regulation 455/09 (General) made under that Act.

**Substance**

**Date of Certified Plan**

Methyl Isobutyl Ketone (CAS# 108-10-1)

December 18, 2017

A handwritten signature in black ink, appearing to read 'Jim Whelan', written over a horizontal line.

**Jim Whelan**  
President  
TG Minto Corporation

**Certification by Licenced Planner**

As of December 18, 2017, I, Brad Bergeron, certify that I am familiar with the processes at TG Minto that use the toxic substances referred to below, that I agree with the estimates referred to in subparagraphs 7 iii, iv and v of subsection 4 (1) of the Toxics Reduction Act, 2009 that are set out in the toxic substance reduction plans referred to below for the toxic substances that the plans comply with the Act and Ontario Regulation 455/09 (General) made under that Act.

**Substance:**

- Methyl Isobutyl Ketone (CAS# 108-10-1)

**Date of Certified Plan:**

December 18, 2017
